

# DELTA NU REVIEW

Maryville, Missouri

Volume I

March, 1959

FILE: ARCHIVES

Number 2

## Delta Nu Host Chapter

Delta Nu Chapter of Tau Kappa Epsilon is host this year to the Great Plains Leadership Conference which is to be held in Kansas City on April 11 and 12. This conference, as all of you know, has grown to the point where it encompasses some 25 chapters and some 600 men. It is quite an honor for Delta Nu to be chosen as host chapter, but it will also entail a lot of work for the chapters. National office has turned everything over to us, that is the hotel arrangements, speakers, skits, and general conduct of the conference.

Grand Grammeteus Edward J. Georgeff, Grand Epiprytanis Don Kaser, Grand Hegemon Howard L. Hibbs, International Rush Chairman George Kollintzas, and former President Harry S. Truman have been scheduled to speak to the group. This Teke conference in the past has surpassed the Grand Conclave in attendance, and Delta Nu has really a chance to achieve national fraternity publicity.

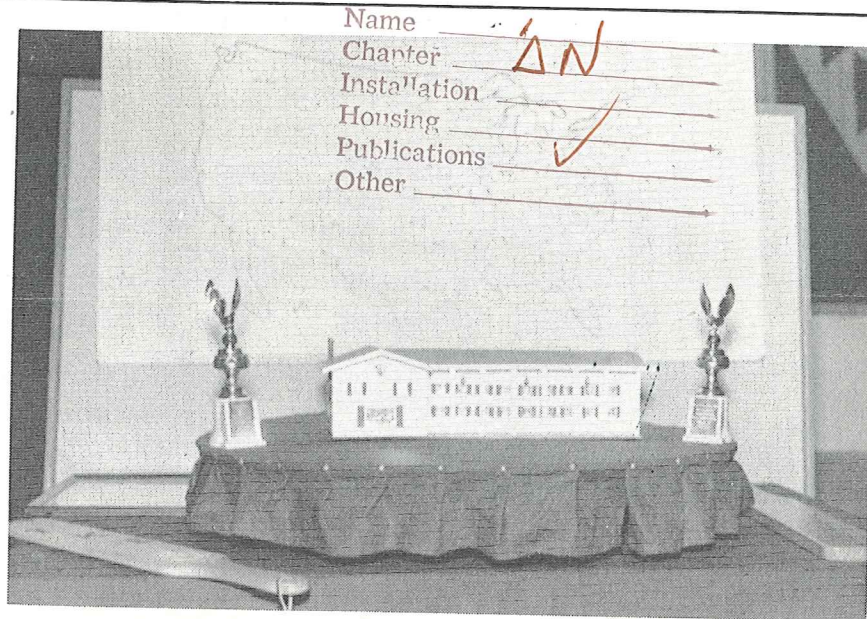

## Tower Queen Election

Tau Kappa Epsilon chose for their Tower Queen candidate Barbara Burgess, a talented, charming, and beautiful woman of the Alpha Sigma Alpha Sorority. The election was held from 8 a.m. to 4 p.m. February 27. After closing the polls, student president Bob Owens and Dr. Surrey counted the ballots. The Queen was to be crowned at the Tower Dance.

Barbara was escorted to the crowning platform at the dance by her campaign manager, Frater Russell Phelps, where the candidates were waiting for the results. The announcement elated the entire crowd, especially the Alphas and the Tekes. Barbara Burgess is the Tower Queen for 1959.

Congratulations to alumni Frater Dan Redmond who took his Moorsville Class S basketball team to the state tournament to win fourth place.

Frater Shirer, a visitor to our campus, was the scheduled speaker for the college assembly of Tuesday, March 10.

The TEKE house will be located on one acre of land on the outskirts of the residential district near the college campus. It is proposed that the building will be a two-story frame of French provincial style.

The front will have eight twelve-foot columns flanking the east facade. The study and sleeping rooms consist of twenty two-man rooms and two singles all equipped with built-in desks and book cases. The social activities will center around the 24' x 40' living room and the recreation facilities in the basement.

On March 2, 1959, bids for the house were sent to contractors. In about three weeks they are expected to be returned.

## Another TEKE First

Delta Nu Rush Chairman, Frater Bob Williamson proudly announces another Teke first on Northwest Missouri State College Campus. At the conclusion of Greek Rush Week, Delta Nu boasts a new forty-man pledge class, the largest second semester pledge class in the college's history.

Student body President, Frater Bob Owens was master of ceremonies at the spring Teke Smoker which was held Thursday evening, February 26 at Armstrongs. There were over one hundred and thirty men in attendance. Highlight of the Smoker was a scale model of Delta Nu Teke's future home.

Much credit goes to members of the rush committee, Fraters Phelps, Hansen, Price, Morse, Woolsey, Joyner; Pledges Mitchell, Krambeck; and to rush chairman, Frater Bob Williamson, for the most successful rush in Delta Nu's history.

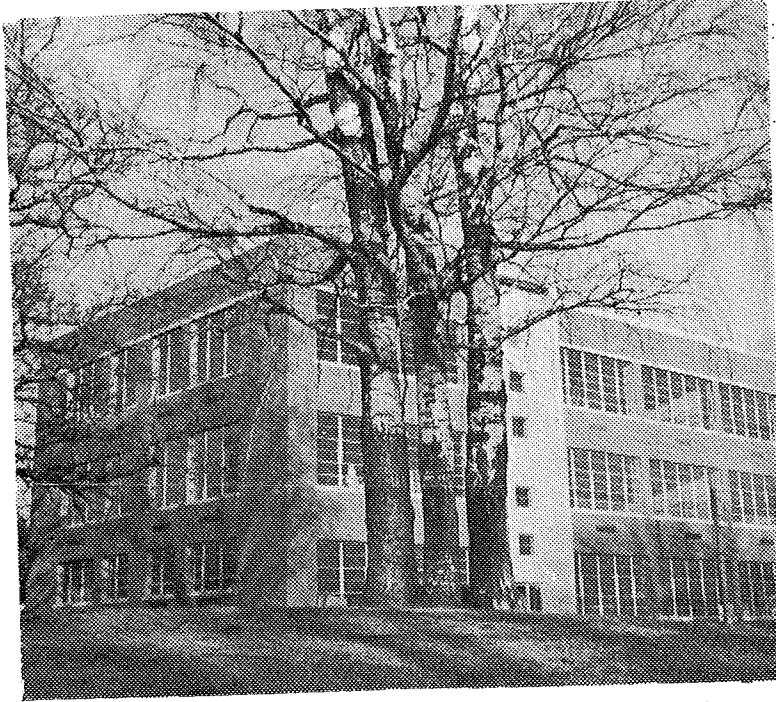

The ground work is already being laid for next fall's rush program. It must be remembered that there are many men on NWMSC campus who are Teke material and many more coming on next fall. Rush is a contin-

uous challenge to every Frater, for it is truly the life blood of the fraternity.

## Delta Nu Pledges 40 Men

Delta Nu chapter of Tau Kappa Epsilon announces that forty students are pledging this semester. They are: Roger Alexander, Gravity, Iowa (Fr. pre-engineering); Jack Anderson, Bagley, Iowa (Jr., Physical Education); John Anderson, Red Oak, Iowa (Fr., biology); Roger Anderson, Hopkins (Fr., pre-engineering); Victor Anderson, Coin, Iowa (So., music); Donald Barrett, Grand Junction, Iowa (Fr., music); Ron Bergsten, Red Oak, Iowa (Fr., business); Gene Brown, Maryville (Fr., pre-forestry); Ronald Clark, Hamlin, Iowa (Jr., music); George

(Continued on Page Four)

Behind the Birches . . . stands the student desired new classroom building. Work on the building is scheduled to be completed in April.

## Expansion Is to Meet Future College Needs

In order to meet expected increases in enrollment, Northwest Missouri State College is embarking on an expansion program. This program is in accord with the substantial enrollment increases in recent years and the expected enrollment of 2,000 students in 1960.

New buildings for the campus are a health and physical education building, two dormitories, and a classroom building.

The new health and physical education building stands just west of the present gymnasium, and will have 48,000 square feet of floor space—more than twice the size of existing facilities. Although it has been designed primarily as a classroom building to be used by the department of health and physical education, it will provide much more room for intercollegiate games than the present gymnasium provides.

The main room will be about 120 by 125 feet, with a basketball court in the center, which is to be surrounded by a rubberized asphalt floor for general use. Seating capacity of the bleachers will be increased from 1,300 to 2,400, with some space for additional seating if and when needed. A tunnel will connect the new structure with the present gymnasium for use of the pool.

The second new building for the campus is another unit for housing coeds, which is located just south of Residence Hall. This addition provides

quarters for 190, bringing the number of women housed on campus to about 420.

A new construction in the Quads provides for about 136 more men.

The arts and science classroom building's floor plans of the first and second floors are alike except for the North entrance on the first floor and the seminar room on the second. On each floor are offices, six regular size classrooms, seven large size classrooms, and a lecture room with seating room of about 150.

### STAFF

Editor ..... Jim "Tiger" Marley  
 Asst. Editor ..... Larry Brown  
 Staff Members ..... Gary Bjorn, Gael Florea, Dave Hargrave, Jerry Poch, Bill Morse, Dave Hansen, Bill Joyner, Chuck Stadler, Pete Ross, Don Gamble, and Paul Fair.  
 Advisor ..... Dr. John Taylor

## Prytanis Report

by Bill Morse

As I previously stated in my last report to the chapter, Delta Nu has been subject to a period of change during the 1958-59 year. I now think that with the coming of spring we can all see that this change has been beneficial to the fraternity as a whole. Never before in the chapter's history has there been such a strong bond between the fraters, and their respect upon the NWMSC campus. It is an old standing motto with TKE that "out of defeat is born victory." It is just possible that this statement has once again proven its worth. Following our Homecoming reverses the chapter has progressed until it would now seem that it knows its purpose to both the college and itself.

We of this chapter have always had an obsession for the word **quality** concerning both membership and fraternity activities. This has not meant that we are necessarily selective, rather it means we look for those hidden values in a man that may not first appear noticeable to the untrained eye. Following this pattern of logic I now feel free in stating that Delta Nu is by far the most well rounded fraternity on campus. We have taken into our bond the greatest strengths of a man's personality and developed them to the highest point, thus both aiding the individual and the fraternity as a whole.

Today we find ourselves on the brink of two of our greatest successes. First, our house which we look forward to moving into by September, and secondly, the planning and completion of one of the greatest leadership conferences in the history of TKE. Once these two objectives have been completed, I feel free in stating that there will be no task, however great the obstacles, that Delta Nu will find herself incapable of conquering.

Officer, come quickly, I just ran over a music major. Sorry, lady, today's Sunday. You can't collect your bounty until tomorrow morning.

Alpha: How about giving me a diamond bracelet.

Teke: My dear, extenuating circumstances force me to preclude you from such an extravagant bauble.

Alpha: I don't get it.

Teke: That's what I said.

**Tekes Active in Intramurals**

The spotlight of the intramural sports scene is now on volleyball. Tau Kappa Epsilon has seven teams entered in the competition. Teke teams have come through with their share of wins . . . and losses. It has been the attempt of the Intramural Chairman to place each Frater on a team with the primary purpose of promoting a competitive spirit as well as providing for recreational pastime.

As always, the Tekes participate in intramural games because they like to compete and further develop togetherness and brotherhood through teamwork.

Forthcoming intramural events are bowling, swimming, softball, and golf. Six teams were entered in the bowling tournament which will begin this month. Hopes are high for regaining the swimming trophy to add to the Quad 4 mantle. With 35 actives and 40 pledges the Tekes plan a large turnout for softball.

**Coming Events**

**March 25**—Election of student body president. TKE is running Russell Phelps, a junior from Exira, Iowa, who is majoring in business. Russ is a well qualified candidate and we are hoping for a sweeping victory. His campaign managers are Bill Joyner and Lee Slaughter.

**April 11-12**—Great Plains Leadership Conference, Hotel President, Kansas City, Missouri. Alumni are invited to attend. For further information write Dave Hansen, Quad 4, Maryville, Missouri.

**May 8**—TKE Spring Formal, Theme—Playboy Hawian, Time—9:00 p.m. to 1:00 a.m. All Alumni are cordially invited. If you plan to attend, please write Jerry Poch, Quad 4, Maryville, Missouri, if possible, so that he may make accommodations.

**Chapter Officers for The Coming Year Are:**

- Prytanis—Dave Hansen
- Epiprytanis—Larry Brown
- Grammateus—Mickey Copeland
- Crysophlos—Nick Jacobs
- Hegemon—Dick Wilcox
- Histor—James Marley
- Hypophetes—Dave Hargrave
- Pylortes—Jerry Poch

Use Lumpo soap. Doesn't lather. Doesn't bubble. Doesn't clean. Just company in the tub.

**Alumni Whereabouts**

These are the addresses that we have at the present time. If they are not up to date, please notify Jim Marley, 608 College Avenue, Maryville, Missouri.

- Belt, Larry L. . . . . 3010 E. 62nd, Kansas City, Missouri
- Botkins, Edson Carter . . . . . c/o University of Missouri, Columbia, Missouri

## A Message From Our Advisor

by Dr. John Taylor

I am sure that all of you were pleased to receive the first issue of the **Delta Nu Review** which was released shortly before Christmas. We received many favorable comments on the publication and in this issue the fraters are attempting to make it even better. The prime purpose of the publication is to inform you of the activities of your chapter in hope that you will return to some of the functions and see some of the fraters of your college days. The active chapter, also, wishes to know you better.

Last January we had our annual Founders Day Banquet and a few of the alumni returned. We wish that more of you could have been with us. We celebrated the sixtieth anniversary of the founding of the fraternity and also we commemorated Teke's fiftieth year as a national fraternity. You may be interested to know that TKE is now the largest fraternity in the nation. The expansion program is progressing satisfactorily and judiciously.

Early this second semester a number of fine men were initiated into "the fraternity for life." The new fraters make a welcome addition to the active chapter and they are already acting like veterans in the fraternity. The rate of attrition in the fall pledge class was rather high due to grades, dropping out of school, and finances.

Just a few weeks ago Delta Nu pledged forty men. This is the largest pledge class in the history of the chapter and the largest in the history of the College. I believe that you should

know that the two other fraternities pledged about sixteen men each.

The future of TKE is in the hands of this pledge class and from all reports these pledges include some of the best men ever pledged. You ought to plan to return in May for the spring initiation.

Even though some of you have not been away from the campus too long, we have "lost" you and we do not have your current address. Without a doubt, some of you did not receive the earlier issue of the **Review**, but you did hear about it from some frater. We would like each alumnus to have a personal copy. If you know the present mailing address of a frater whose address we do not have, please send what you know to the Histor, Jim Marley. Jim is also the editor of the **Delta Nu Review**. He and his staff should be congratulated for their initiative in this venture. As you remember, it had been your dream each year to publish a newsletter. It took the present active chapter to get the job done.

Elsewhere in this issue you will see a list of chapter events for the remainder of the semester. See how the dates fit into your schedule and then plan to attend at least one of the chapter affairs. The spring formal is going to be better than ever. The alumni fraters who have attended other spring formals have had a fine time.

Whenever you are near or are in Maryville, please make it a point to drop by Quad 4 and say hello to the men. They hope that in the near future you will have to make a special trip to see the new house. The plans are progressing slowly but things are beginning to look bright.

## DELTA NU PLEDGES 40 MEN

(Continued from Page One)

Cottle, Skidmore (Fr., business); Paul Fair, Breckenridge (So., business); Richard Fine, Hopkins (So., pre-medical); Raymond Fore, Cameron (Jr., math); Gary Frueh, Maryville (Fr., I.A. and physical education); Don Gamble, Red Oak, Iowa (Fr., math); Billy Goforth, Maryville (Fr., math); Don Hannah, Excelsior Springs (Jr., biology); Richard Henderson, St. Joseph (Jr., social science); Marlin Holtmyer, Red Oak, Iowa (Fr., math); Jay Howe, Greenfield, Iowa (Fr., political science); Efford Johnson, Delmar, Iowa (So., business and French); Jerry Lewis, Guthrie Center, Iowa (Fr., math); Lloyd Maple, Stanberry (Fr., math); Joe Merrigan, Stanberry (Fr., physics and math); John Morgan, Guthrie Center, Iowa (Fr., physical education); Dennis Powles, Sidney, Iowa (Fr., social science); Gary Pross, Atlantic, Iowa (Fr., chemistry); Ronald Rauch, Grant City (Fr., business); Peter Ross, Centerville, Iowa (Jr., history); Gary Rucker, Maryville (Fr., chemistry); Sammy Schiemehenig, Pattonsburg (Jr., industrial arts); Gary Siefken, Woodbine, Iowa (Fr., business); James Smith, Woonsocket, South Dakota (Fr., undeclared); William Sparks, Maryville (Fr., industrial arts); Bill Trimble, Jamesport (Fr., business); Eldon Turpin, Lamon, Iowa (Jr., pre-law); James Walk, Maryville (Fr., physics); Lloyd Walker, Barnard (So., Zoology and agriculture); and Harley Weigart, Worth (Fr., pre-engineering.)

You say his breath is bad? Is it bad. Why, last Halloween they pushed him over three times.
