## **Chapter Summary from the Prytanis**

Dear Fraters:

Tau Kappa Epsilon has made major strides in the past few years, and the final step has now been put into motion. The Delta Nu chapter received its second recruitment award in a row. This year, we were the only chapter in our region to receive the award two years in a row.

To remove the fear of fluctuation in chapter membership numbers, we have implemented what we think will be a strong summer rush program. It will target three district areas which include Des Moines, Omaha, and Kansas City. Dates are set up for June 6, 20, and 13, respectfully. These events will include items like softball, volleyball, and maybe even a little beer drinking. Our hopes are for the alumni to help us rush these new guys, love TKE, and experience the feelings which you have had the pleasure of. The other side of the coin is a chance for us to explain or answer any questions on the new style of pledgeship. Things have changed so fast in the last eight years, it is understandable that you, the alumni, may be confused, and these summer events offer great opportunities for clearing up the confusion.

Tau Kappa Epsilon is for life and would love your input.

If you or another Frater moves, please let us know of the new address. It helps keep the records updated for us and for other Fraters you would like to get in touch with you. On that note, if you know of an Alumni who did not receive this Delta Nu, let us know of his address and we will send another one out.
