

The Delta Nu Review

SPRING 1998

This issue of the Delta Nu review should be reaching a record number of alumni. Thanks to your help, we are getting closer and closer to making this a complete record of our history here at Delta Nu. We are almost there. Thank you again for helping us work so hard to get this accomplished. "By perseverance the snail reached the arc." - C.H. Spurgeon

CHAPTER ADVISER'S REPORT

Saturday, November 15, 1997 was a cold and snowy day in Maryville. The campus was deserted because the Bearcats were playing Emporia State for the sole possession of first place in the MIAA football season. The win made them 11-0. Nevertheless, some two hundred alumni, active chapter members, friends family members and special guests met at the "new Teke house" site to break ground and officially raise the Teke flag over the new location for Delta Nu. Frater Joel Johnson, former Grand Prytanis and a 15 year veteran of the Grand Council, represented the International Chapter at the ceremonies.

The ground-breaking ceremonies took place at 2:00 PM following a fellowship time at the Northwest Alumni House. The setting was appropriate for

Another Successful Rush!

This year we have completed another great rush. Keeping up with everyone else on campus we initiated 13 new men and tied for first with 6 men this spring. Although the numbers seem low TKE is third on campus. Lack of a house has not damaged our standing on campus thus far. Choosing quality men is still priority one.

PRYTANIS REPORT

The Spring of 1998 continues the success of the Fall 1997 semester. Delta Nu chapter continues to forge ahead with our endeavors on all levels.

The chapter was recently cited with an award for excellence in rush. The International Fraternity gave this award. The chapter also received an overall excellent chapter rating during our annual review. The reviewer was very impressed with the Delta Nu chapter.

The chapter is very respected on all levels on campus. We are commonly referred to as the best on campus and having the best brotherhood.

The men of Delta Nu continue to succeed in our many actives. We are continuing to build upon that tradition that is Delta Nu.
