Chapter Advisor's Report

Another semester at Northwest has come to a close. The men of Tau Kappa Epsilon have been busy with Spring Rush, Greek Week, Intramurals, and Academics. I am most pleased about the Chapter's continued high academic achievements. Being at or above the all male average on campus has been my goal for the Chapter and it looks like once again the Chapter has achieved this goal. The Chapter leadership has done a good job holding the Chapter together during this "no house" period. The Chapter is strong and ready to move into a new academic year.

The Board of Trustees continues to move toward the reality of a new home for Delta Nu. At a meeting on May 19, 1998 bids were opened for the new house project. The Board authorized the architect, Phil Lawrence of Lawrence and Associates, to enter into constructive negotiations with Smith Contracting Company of Maryville, MO concerning clarification and actual final pricing of the project. President Larry Apple has notified the Board that he will call a special meeting of the board as soon as the constructive negotia-

tions are completed. All parties are anxious to determine the actual start date of the new house project.

The Alumni Fund Raising Committee continues to work hard toward their goal of \$200,000. The latest reports show that some \$120,000 has been raised to date in pledges and contributions. The work of this committee has been outstanding and all alumni and active chapter members should praise the committee members at every opportunity. If you or someone you know has not contributed to the new house fund, I encourage you to do so soon.

I also encourage you to gather for the Mike Settle softball tournament on June 27. If you do not play golf or softball, come for the fellowship. Hope to see you all soon.

Back to Back Victories at Greek Week

"The Gods Must Be Crazy" was the theme of this year's Greek Week at Northwest. We figured it out and got it together for the second year in a row. We took home first in the following events: Greek Song, Olympiad, Overall Games, Banner, Chalk Draw, 5-Legged Race, Water Balloon Toss, and Double Dare. We took second place in

only one event and that was Philanthropy which was donating school supplies to local children. Overall we performed the way TKE's should and the results came out our way. Congratulations are in order to the entire chapter and especially those that participated.

Centennial Celebration

Get out your calendar and plan on attending the biggest fraternity event in all of history. On January 9th, 1999 Tau Kappa Epsilon will be holding the 100th Anniversary of this great fraternity. This Centennial Celebration will be a blacktie event. It will take place in eight locations throughout the nation, including Atlanta, Bloomington, Boston, Kansas City, Los Angeles, New Orleans, Philadelphia, and

Centennial Celebration

Pittsburgh. The price for the celebration is estimated at 100 dollars. This will cover dinner, entertainment, and gratuity. The experience will be priceless. Exact locations and times will be announced when definite. Each city is expecting to have 1,000 people in attendance. If you have any questions, please contact Frater Nathan Honan '1298' at (660) 742-3287.

Trimester's

Starting this fall Northwest is taking a big step and going to trimesters. This is just the start of the transition that will shorten the semester from 16 and a half to 15 weeks. The major change that this system will bring is that the summer sessions will be longer. Instead of two four week sessions it will be three four week sessions. This will allow students to take more hours during the summer and possibly graduate sooner.

Weiland and Golf Success

The weekend of April 24-26 was a great success for Delta Nu TKE. With the success of the TKE Golf Scramble and the Pete Weiland Memorial Volleyball Tournament we managed to pull many fraters together to have fun and raise money for the new house fund. The TKE Scramble, in its 3rd year was able to bring over 50 fraters together to enjoy an afternoon of golf and memories. The success of this scramble would not have been possible without Frater Mike Reiff '1120'. Mike has organized this event for the past three years and managed to get growing support each year. Hopefully the support will continue to grow.

The Pete Weiland Memorial Volleyball Tournament was again a success. Although the day was very windy the temperature was just right for some good competition. With around 60-70 active and alumni we had another great time on a great afternoon. The active chapter would like to apologize though for it's attendance. Many active fraters were engaging in battle at the Greek Week games. It paid off though we received a lot of support from the alumni and brought home a victory. The proceeds of both tournaments were donated to the Delta Nu new house fund.

Check out Delta Nu TKE On-Line!!

Tau Kappa Epsilon at Delta Nu has been working hard to keep you, the alumni, in good touch with us and everyone else. Check out our homepage at <http://www.nwmissouri.edu/~0500242>. You can find out a pledge brother's address, phone number, and e-mail if available. Names are arranged in order of every 100 scrolls. You can even change your address or phone number if we have it recorded wrong. Look at pictures of the active chapter and things that we have done and are doing. You can look at the current plans for the new house and also the donations that have been given to the current date. Best of all you can e-mail the chapter and give us feedback and comments on how you think we are doing.

Monthly get together in Kansas City.

For two years now Frater Kevin Kemmerer '648' has been meeting with TKE's in Overland Park, KS at Tanner's Bar & Grill. They meet at 1:00 on every 3rd Thursday of the month. There usually ranges from about five to sometimes twenty fraters in attendance. Kevin and company enjoy the opportunity to meet fraters, new and old, so if given the chance try to make it out to Tanner's for a nice lunch and a chance to meet new fraters.

Fundraising Update

Fellow Fraters of Delta Nu:

Our first official year of fundraising will come to an end at the June 27th, TKE Mike Settle Softball Tournament. Thus far we can say that our efforts are paying off. The goal of \$200,000 was set and we are pleased with the response. Over 270 Fraters have pledged over \$120,000. That leaves us with only \$80,000 left to be pledged and collected by the year 2000. I speak for the committee when I say thank you very much for your overwhelming generosity.

Of the \$120,000 that has been pledged just under \$50,000 has been received. With one year down and two more years to go we want to remind you that it's not too late to get your *commitment* to this project, your new TKE house. Envelopes are provided for you to send in your pledge or a payment towards your pledge and statements will be sent out twice a year to remind you of your obligation that you have made towards the future of TKE at NWMSU.

I know a lot of you are planning to give to the house fund. Speaking as a co-chairman, you will make our jobs considerably easier if you make your commitment known to us as soon as possible. Many of us who have volunteered our time would appreciate your response to our request through these mailers.

Once again, a huge thank you to those who have given already and for those who have not pledged yet we look forward to hearing from you.

Joe Saubers '930'
Co-Chairman
Fundraising Committee
