PRYTANIS REPORT:

As a third semester president I have experienced our high's and lows. Over the past year the men of Delta Nu have made many positive strides to hopefully becoming a Top TKE Chapter. Our rush headed by Frater Thom Rossmannith was superb. We associated 30 new men into the chapter! We also are looking for a great homecoming display, including a float, clowns, and variety show. Also Delta Nu is back in the running for intramurals, and we are thought of very highly on campus not only in image, but we are very active in other organizations.

Coming this fall I will be ending my term as Prytanis, but before I leave I have one final thing to say to our Alumni. Over the past 36 years we have seen over 1,100 TEKE's pass through the bond of Tau Kappa Epsilon. Many of you look down upon the men of Delta Nu because of things that have happened in the past. Many of you gave donations that went for nothing more than kegs and parties. All I can ask is that you not hold us responsible for actions of fellow fraters in the past that we had no control over. At the present time, Delta Nu chapter does NOT allow any chapter funds to go toward partying on alcoholic beverages of any sort. Not only that, kegs are not aloud in the house. Fellow fraters, we are the new generation of TEKE's. I'm not asking for money, just a chance! Remember TKE is for LIFE!

Mark Gerling

EPIPRYTANIS REPORT:

Dear Fraters,

This semester is going great for TKE. Our committees are running quite smoothly and public relations is booming! Philanthropy is gearing up also!

I sent out letters to all greek organizations and all the faculty heads welcoming them back for the semester. This has helped our relations with other organizations. We had some feedback from the faculty. The most spectacular was from Dr. Dean Hubbard, President of NWMSU. I think this correspondence is helping TKE's name on campus.

Currently we are working with Special Olympics to set up a bowling tournament in November. After this event we will participate in a state wide TKE bowling tournament for Special Olympics. Also, we are working on other smaller philanthropies.

We are working hard to put TKE on top!! I believe we have been, and will continue to be, effective!!

Yours in the Bond,

Lonnie Sauter '1077'

CRYSOPHYLOS REPORT:

Dear Fraters,

The Fall year of 1990 is looking to be a great semester for Delta Nu. Presently there are 42 active members with only a couple that are inactive. The active dues for this semester were \$141.00. After discussing it with the active chapter it was decided that it be only fair that those going on an installment plan pay more. As a result, for those going on an installment plan, the dues will be three payments of \$50.00 each. This will give some incentive to pay everything all at once to save money. The scroll numbers of the active chapter vary from '999' all the way up to '1112'.

This year for homecoming there is about \$1,300.00 for the float and clowns. Most of this money came from the profit that we made off of last homecoming. Last year we only spent around \$250.00 dollars on the float, which took 3rd place. After homecoming was all finished had cleared over \$700.00. I took that money and added \$300.00 to create a \$1,000.00 CD that could earn more interest. I budgeted \$250.00 more to go with the \$1,035.00 from the CD. With the money and the 30 new associate members that we now have it should be a great homecoming. Hope to see everyone there.

Yours in the Bond,

Rick Kimball

HISTOR REPORT:

A lot of alumni have sent their correct or n addresses to me since the last Delta Nu Review came out, and I hope that the mailing address on the front of the Delta Nu Review is correct. If the address is not current or if you know of a frater that doesn't get the Delta Nu Review please call me or fill out the change of address form on the back page. If you have any questions or comments please feel free to write or call me anytime at the TKE house. Hope to see you at homecoming!

HYPOPHETES REPORT:

Dear Fraters,

The computer that we have is working out very well with everyone using it to type their various papers. Slowly but surely the test file is starting to pick up. People are starting to turn in more of their old tests than they used to.

We only had one member not return because of grades, the rest of the fraters either graduated or came back to school. I don't have the total GPA of the fraternity added up yet, but it seems to be higher than the previous semester. All in all, the academics of the fraternity are improving each semester.

Yours in the Bond,

Brian Joens
Hypophetes

PYLORTES REPORT:

Dear Fraters,

The semester is starting off well. We already have our new TKE banner, which is bigger than the last and it looks great! Our participation at meetings are high and our participation at rituals are also very good. Once again the ritual equipment needs cleaning, which will be done. Other than that, things are looking up.

Yours in the Bond,

Dallas Sudmann

HOUSE MANAGER REPORT:

Everything's looking great! Thanks to a full house (17 guys), the house is looking better than it has for a long time. The house is completely painted, including the surrounding foundation bricks. A slightly new look to the house is the different color of the front porch roof. It is now a cherry red instead of baby blue! Work inside the house includes the new wallpaper in the gold room, renovation of the basement, touch-ups on the shower room, and touch-ups on the first floor bathroom. The new pride and joy of the house is the new full-regulation, sand volleyball court. The court is also lighted. Thanks to alumni and the alumni board all these added renovations have been possible. Your help and continued help is greatly appreciated.

Yours in the Bond,

Todd Fordyce
House Manager

RUSH CHAIRMAN:

Rush this year was reduced to two weeks. We had 5 parties starting with TKE Night at the Movies which was attended by about 95 people and was paid for through alumni donations. Our other parties were TKE Night at the Track, an open house, a wine and dine, and we hired a hypnotist for one party. Rush was very successful this year thanks to the chapters enthusiasm. Any more alumni donation would be appreciated (please specify they go to rush).

Yours in the Bond,

Thom Rossmanith
Rush Chairman

FUNDRAISING REPORT:

This semester frater Todd Hansen planned a raffle that included giving away a 12-hour in-state tuition for a donation of \$2.00. We raised \$650.00 above our cost, with which we bought a new stereo and speakers for the house. Also, this semester we were approached by the Sig Eps to help them usher and do security for CSI at Kemper Arena in Kansas City. Fraters Dallas Suddmann and Rick Kimball went to Kansas City and talked to a TEKE (not from DN), who was in charge of the CSI work, and set up dates to work all the way through October. We will be making \$4.00 an hour. Hopefully fundraising will come easier this semester with the help of everyone.

Yours in the Bond,

Jason Ayers
Fundraising Chairman

INTRAMURAL REPORT:

Intramural sports are off and running again this semester. We are coming ofn of a pretty good spring semester which was highlighted by outstanding efforts on the basketball court and in the track and field events. We had two basketball teams in the final eight and one which made the final four. We also had numerous fraters who placed high or won events in the track and field competition. So far this semester, we have a pair of golf champions and have had fun competing, as we always do. Thus far we are in second place in the supremacy points race and intend on making a run for the top.

Yours in the Bond,

Gary Dresback
Intramural Sports Chairman

DELTA NU ALUMNI ASSOCIATION REORGANIZED

The Alumni Association for Alumni members of Delta Nu chapter of TKE at spring of 1988. Since then many successful alumni events have occurred with outstanding participation from all age groups. The big event of the year was the Annual Mike Settle Softball Tournament which involved more than 70 Delta Nu Alumni's.

The Alumni Association, which is officially chartered with TKE International, consists of a President and three area Vice-Presidents located in three geographic areas. The three areas are Kansas City, Omaha/Council Bluffs, and Des Moines. Each area has a Vice-President to serve as the Coordinator for Alumni events in that area and also work within the Alumni Association President, who represents them on the Delta Nu Board of Trustees. Delta Nu Alumni are encouraged to contact the Vice-President in their area if they want to be included in mailings and events.

You can contact your area Vice-President at the following address:

TKE Scholarship and Grant Fund Established Through the
Northwest Foundation Inc.

TKE and Delta Nu have established the "TKE Scholarship & Grant Fund" through the Northwest Foundation Inc. Through this fund, alumni can participate in the Universities annual fund drive and support Delta Nu chapter at the same time. If you already participate in the Northwest campaign all you need to do is designate your contribution as "TKE Scholarship and Grant Fund". The fund is supported by interest earned on contributions to the fund. The fund will be used for a scholarship for an undergraduate member of Delta Nu chapter or can be used for academic activities for the chapter. TKE is the 1st fraternity at NWMSU to have a designated scholarship fund for this purpose. A good time to participate in this fund is through the annual Northwest Phone-A-Thon. Just make sure to mark your contribution as "TKE Scholarship and Grant Fund". If you have already contributed this year you may wish to call the Alumni House at Northwest (816)562-1248, and designate your previous contribution to the TKE Fund.
