## P R E S I D E N T S   L E T T E R

Dear Frater:

I'm writing you today with good news. Your fraternity continues to make significant progress. The chapter is recruting new men at a record pace and the chapter's image on campus has never been better. You have every right to be proud.

You have every right to be proud, because you share the responsibility for our success. As undergraduates, all of us become TeKE's for many reasons, those reasons were, without exception, selfish ones. During our undergraduate years some of the things we took from the fraternity were brotherhood, self-confidence, initiative, determination, and pride in a job well done. Those days were mixed with excitement and a little nervousness. But, they were among the best days of your life!

Today, Tau Kappa Epsilon is moving forward, preparing for the future while trying to continue the traditions of the past. TeKE has been a part of my life for the last five years and now as Prytanis, I have witnessed many changes that I believe make our Fraternity strong and better prepared to meet the demands of the future.

This year we have had a total of forty-eight new associates become apart of TeKE. The semester also marks our second Associate Member

Program to continue under our new policy of no hazing.

I hope you have already received you information on the Red Carnation Ball. The date as a reminder, is April 11, 1987, in Omaha, Nebraska.

Tau Kappa Epsilon won first place in the annual Phone-A-Thon, held at the Alumni House. The \$400 first prize was awarded to the most productive organization participating in the Phone-A-Thon.

The Board of Control held its first meeting on February 26, 1987, and will continue to meet on the fourth Thursday of every month.

Alumni support and involvement is an important part of an excellent chapter. Please try to attend R.C.B in April. I would also appreciate any comments or information that you feel would benefit TeKE in any way. I would also appreciate it if you would please send the current address of any frater that you feel we do not have.

Please help us continue to offer important ideals and opportunities to a new generation of worthy young men. I hope to hear from you.

Yours In The Bond,

Rodney Hernandez (Rodney Rushee)  
Delta Nu, President

Dear Frater:

As House Manager, I am excited to say that things are really looking up around the house.

This semester, we are trying to accomplish many things that add to the appearance of the house. Many of the improvements have taken place inside the house and are enjoyed by those who stop by and attend house functions.

A few of the things we have accomplished this semester have been; painting of the associate members room in the basement, replacing TKE on the wall above the bench in the triangle room, new Red Room furniture donated by Frater Brian Lohafer, Maryville, '564', and the installation of a new exhaust fan in the shower room.

One short-term goal I have is the replacement of the bar room linoleum, which is coming up in places and chipping off. Overall, things are looking up, and fraters are taking pride in the hard work they have put out.

Yours In The Bond,

Joe Liston, House Manager "1027"
