Welcome

Hello fraters of Tau Kappa Epsilon. We know it has been a long time since you have received a Delta-Nu, but we have experienced some problems in the publishing and mailing of this semesterly update. Due to a dependence for a mailing list on a computer that is at least 5 years outdated, we have been unable to get this letter out. Since the computer hard-drive crashed last spring, we have been unable to get the computer to print out all the alumni addresses, and have even lost some frater's addresses. We are in desperate need of your help in rectifying this situation. If any frater knows of any other frater which did not receive this, please contact Justin McCoy (816-562-2129, the house) with the updated address. Also, if any frater knows of a computer which could be donated or purchased in some manner, please contact Chris Peasley (816-562-6750 or # above). We are in desperate need of your help out there. This mailing was sent only to those address which we could resurrect from our damaged and lost records. Please help us help you stay informed on the happenings of the Delta-Nu chapter of Tau Kappa Epsilon.

PRYTANIS

Fraters, the men of Delta-Nu chapter have had a very busy but positive spring semester. The chapter retreat was held at Conception Abbey once again on January 12th and 13th, 1996. It was there that we were installed as an Apollo chapter by frater Eric S. Ratinoff, West/Midwest Regional Director. We are the twentieth TKE chapter in the nation to receive this honor. Nine fraters attended the annual RLC (Regional Leadership Conferences) in Indianapolis, IN on February 2-4. The chapter received an award for Rush Improvement.

The chapter has worked extremely hard on rush this year, taking 23 new members in the fall and another nine in the spring semester making the year's total 31 (more than any other FRATERNITY on campus). We hope to carry this momentum into next year's rush and continue to increase our numbers. The chapter size is now up to 57 members and continues to grow.

EPIPRYTANIS

The office of vice president has been very busy this semester and last. Greek Weekend is just around the corner and the Delta-Nu chapter of Tau Kappa Epsilon is looking for another strong showing. This year the festivities will take place April 11th (a Thursday) thru April 14 (Sunday).

A new internal fund raising option has been started this semester. The active chapter, in conjunction with a Kansas City based company, Crowd Systems Incorporated (CSI), has been working security for a number of Kemper Arena events. Members have earned money towards their dues working such events as Blades games, Attack games, the Big Eight Tournament, and music concerts like Bob Seger, Red Hot Chili Peppers, Ministry and the upcoming AC/DC show. This has been both good for the chapter financially and fun for the fraters who attend.

Last semester we competed in the Homecoming activities with help from the ladies of Delta Zeta. We had entries in the float competition (4th place), house deck (2nd), and skit (2nd). Even though we felt we were robbed in the skit competition, frater Chris Stigall, '1263, received the "Best Actor" award for his role as "Grandpa Bobby." Also during the week long celebration that was Homecoming 95, we had two finalists for the Homecoming King competition, one of which won the honors. Frater Scott Norlen represented Tau Kappa Epsilon in the event and Frater Kevin Spiehs was crowned king in a ceremony following the last night of the Variety Show.

The third annual Three Point Shootout was once again a mild success due to the efforts of frater Matt Nolker, '1267. This year we hosted the event in the student rec. center with the help from the Greek Weekend committee thus splitting the gross revenue with them. All in all we raised \$52.50 for our philanthropy, the Special Olympics.

HYPOPHETES

Many new and exciting events have happened around the chapter lately. Last fall's pledge class of 23 have found their way into our family quite nicely. It is now the older actives who are making the young guys transition into the infrastructure of the chapter smooth and seamless. Because the new class equals almost that of the more experienced older actives, this is a very important task. However, because of their excellent leadership abilities, the outlook for future momentum is very optimistic.

In other news, we have recently adopted a new and improved scholarship program. Thanks to frater Tracy Wyatt Bottoms, '1174', starting this semester our active fraters will have to achieve a 2.25 G.P.A. or will be put on a limited social probation. We hope that the results of this amendment will have nothing but positive reactions on the moral and intelligence of our active members including a higher combined cumulative G.P.A. both here at NWMSU and on a national level.

On a lighter side, we have purchased a new and improved trophy for the coveted, and world renowned, "STELLA" award. Throughout the years of this award's existence, it has passed through the hands of many a frater. Because of this, it had grown dilapidated and many pieces lost. The new trophy shows promise and I am quite confident will grace the mantel in many residencies to come.

HEGEMON

This semester has been going very well. After a very solid spring rush, we've been able to get nine young men. thus far their pledgship has gone exactly as scheduled. They've been doing well on all of their functions, tests, and interviews. Brotherhood days are scheduled to begin the week of April 15th with Activation to be that Friday the 19th. I would like to invite all available alumni back for those festivities. I know that you will all be back a week later for the Wieland Tournament, but Alumni are very, very welcome. The names of the Pledges are as follow:

Matt Brosi	Easton, MO
Jeremy Galloway	Hamilton, MO
Chad Grimes	Knoxville, IA
Jason Klindt	Antho, IA
Colby Mathews	Kansas City, MO
Nick Mathews	Independence, MO
Jeremy Sullivan	Peculiar, MO
Tom Tompson	Kansas City, MO
Scott Van Zee	Pella, IA

Hope to see you soon.

HOUSE MANAGER

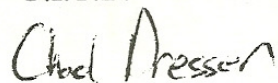

Well, even though the house is not in as good of condition as it used to be, due to years of neglect and seemingly false dreams of a new house, slow but steady improvements are being made. New walls were installed in the basement shower due to the decaying appearance of the old ones.

Last year new tiling was put on the ceiling in the bar-room and the pool-room and a ceiling fan was added. This helped in the general appearance of the interior of the house. Projects that are planned for the near future are: new carpet for the red-room, a new floor for the downstairs bathroom (the old one rotted out), also to fix the plumbing in the afore mentioned bathroom.

The pay-phone was taken out on the second floor and a new line added. The new number is (816)-562-3861. Of course the main line is still (816)-562-2129. This not only allows us to have another line to call out on without spending a quarter, it also saves the house about three dollars a month in added expenses.

Thanks to frater Chris Peasley, '1248, new furniture was donated to the red-room collection. Although we are confident this will win us no "Better Homes and Gardens" living-room-of-the-month awards, it is better than sitting on the floor. We are very grateful to frater Peasley and his parents for this contribution.

HISTOR

This semester has been a very busy and trying one for us, the Histors. As mentioned before, the mailing list is incompetent and very old. We are trying to update it to a new computer on campus that will allow us to use a more modern database, but as you can probably guess with over 1200 names to be entered, this is an enormous task. Again we would like to apologize for the length of time it took us to compile this newsletter and get it out to each and everyone of you. There are still many names that we are missing from our files and we would appreciate any help from alumni that we could get. We hope to have a more elaborate "Delta-Nu" out to you beginning this summer, so please bear with the simplicity of this one. This can come in the form of your latest address and any other's addresses that you might know of. We would also like to graciously thank frater Joe Saubers, '930, of Kansas City, MO for his help in updating our files. Your help was extremely appreciated. Hope to hear from you, and you from us, in the near future.
