
TAU KAPPA EPSILON

*For the past 50 years and the
next 50 years...*

*It took 50 years, 1400 men, and lots of blood, sweat, tears, love,
charity and esteem to make Delta Nu one of the best in the
nation.*

*The future of the chapter lies with those who have passed
through its doors, and those who have yet to knock.*

*Only with our continued care and dedication can the future be
as bright as the past.*
