Record-Breaking Turnout and Giving Highlight 2025 DNAA Memorial Golf Outing

The 2025 Delta-Nu Alumni Association Golf Outing saw record attendance and generosity, making it one of the most successful events in recent memory. With **over 150 alumni and undergraduates participating** across Friday's tournament and social activities, the weekend was a true celebration of Brotherhood and impact.

Golf registration topped out at 121 participants, including 118 online and 3 at-event registrations. But it wasn't just the players who made noise—this year introduced the infamous “Heckling Hole,” where 16 brave souls officially registered as Hecklers, adding humor, heckling, and hype to the fairways.

Revenue from the weekend made a significant impact:

- **DNAA Member Dues: \$950**
- **TKE Scholarship Fund: \$1,700**
- **TKE for Life Brick Campaign (Capital Improvement Donations): \$3,660**
- **Chapter Eternal Memorial Wall (Capital Improvement Donations): \$7,380**

In total, **more than \$13,600 was raised across dues, donations, and event proceeds**—fueling the ongoing scholarship support, capital improvements, and continued development of the Delta-Nu Memorial Wall.

A special thank you to all the volunteers, organizers, donors, and attendees who made this event possible. Whether you were swinging a club, shouting from the sidelines, or enjoying the Triangle Lunch, your support helped strengthen the bond of TKE Brotherhood at Northwest Missouri State.

Delta-Nu Celebrates a Semester of Academic, Philanthropic, and Brotherhood Success

The Delta-Nu Chapter of Tau Kappa Epsilon at Northwest Missouri State University wrapped up a remarkable Spring 2025 semester marked by achievement, growth, and service.

Academically, the chapter excelled with a semester GPA of 3.134 and a cumulative GPA of 3.094, earning second place among all fraternities in academic performance. This academic success is fueled by the generous support of alumni funded scholarships that encourage excellence in scholastics and encouragement to live in the TKE House.

The chapter proudly welcomed five new alumni to the brotherhood: Salvatore Bonadonna, Josh Borst, Jason Holland, Carter Kinslow (currently student teaching), and Brandon Wooten. Their contributions to the chapter leave a legacy as they move on to the next chapter in their lives.

On the recruitment front, Delta-Nu initiated eight new members—and retained all eight. This 100% retention rate stood out among both IFC and Panhellenic organizations on campus. The chapter now moves into the fall semester with 25 returning active members.

Spring also saw a powerful focus on philanthropy and service. The chapter hosted TKE Madness, raising over \$4,000 for St. Jude Children's Research Hospital in that event alone. In total, the chapter raised more than \$8,000, more than doubling last year's total. Alongside this fundraising success, members logged an impressive 754 service hours, earning 1st place among fraternities in philanthropic dollars raised, and 2nd in total service hours reported to TKE International.

Brotherhood was also at the forefront as members traveled to Colorado Springs for Red Carnation Ball over spring break. The formal event featured catered food and an open bar, allowing the chapter to relax and reconnect, strengthening the bonds that define our fraternal experience.

Leadership development remained a priority, with 12 members attending the Regional Leadership Conference (RLC) in Chicago. There, they gained insight into leadership, service, and chapter operations—bringing that knowledge back to Delta-Nu to elevate the chapter even further.

As the men of Delta-Nu look ahead to fall rush and another promising semester, they do so with deep gratitude to our alumni. Your support—through donations, mentorship, and encouragement—has been instrumental to every success we've achieved. We thank you for standing with us and for believing in the mission of TKE.
